**Willowbrook Mixed-Use Development at 118<sup>th</sup> Street and Wilmington Avenue**

The Community Development Commission (Commission) has assembled twelve parcels (Assessor's Parcel Numbers 6149016900 – 6149016911) on the northwest corner of 118<sup>th</sup> Street and Wilmington Avenue (Properties) in the unincorporated community of Willowbrook. This location, with its proximity to the Rosa Parks Transit Station and I-105 freeway, presents an opportunity to be the gateway into the Willowbrook Community. However, as it sits today, the Properties are vacant and blighted. A mixed-use development would be a catalytic project for the site in order to support the overall revitalization and enhancement of the area.

In October 2012, the Commission issued a Request for Qualifications/Concepts for the properties, and through the solicitation process, Thomas Safran and Associates (TSA) was selected as the most responsive bidder. In December 2012, the Commission entered into an Exclusive Right to Negotiate for the development of the property with TSA who proposes to work in coordination with the Los Angeles County Public Library

Department to locate a branch library and other community resources on the ground floor, with 114 units of affordable senior housing proposed on the upper floors.

Since ten of the twelve Properties were purchased in whole or in part with tax increment funding, these Properties have been identified on Los Angeles County's (County) Long Range Property Management Plan for retention by the County for redevelopment purposes, subject to approval by the County's Oversight Board and the State Department of Finance. However, in the interim, it is critical that TSA be able to move forward with the entitlement process and apply for funding in order to construct and operate this public library and affordable housing development in a timely manner.

**I THEREFORE MOVE THAT THE BOARD OF SUPERVISORS, ALSO ACTING  
AS THE COMMISSIONERS OF THE COMMUNITY DEVELOPMENT COMMISSION:**
